Sea World Orlando

Sea World Orlando is not only a very exciting theme park but also a zoo where you can meet animals which usually live in the sea.

The park first opened in 1973. Since then it has become very successful. With 5.1 million visitors a year Sea World is now the ninth-most visited amusement park in the United States.

Visitors can enjoy a lot of exciting activities such as a dinner next to real sharks, amazing dolphin shows or fast rides on roller coasters. There are also acrobatic shows, music concerts and a firework.

A single-day-ticket costs 50 $ during the week and 82 $ on the weekend. If you are thinking of going to Orlando you really must visit Sea World.
